

# **Child of Faith Early Learning Center**

## **Parent Release for the Administration of Medication**

The law allows any person to assist in carrying out a physician's recommendation. Child of Faith Early Learning Center recognizes the desirability of following a physician's recommendations as close as possible while your child is at our Preschool, just as you, the child's parents or guardians, would do if your child was at home. The fact that this service is not legally required by Child of Faith Early Learning Center is recognized by all parties signing this form. In so signing, you agree to hold the school and its personnel free from any or all law suits which may arise regarding these arrangements.

We the undersigned, understand that the school is not legally obligated to administer medication to our child and therefore, we agree to hold the school and its employees free from any and all responsibility for the results of such medication or the manner in which it is administered and to indemnify each of them against loss by reason of any civil judgment arising out of these arrangements which may be rendered against them.

We, the parents/guardians, further agree to bring the medication to school in a container from the pharmacist properly labeled by same. This label must include the name of the student, doctor, date, dosage, and the name of the medication and the method of administration. Medication improperly labeled or contained cannot be administered at Child of Faith Early Learning Center.

We, the undersigned, who are the parents/guardians of \_\_\_\_\_, request that medication be administered to our child in accordance with our physician Dr. \_\_\_\_\_ instructions. I will notify the school immediately if we change our physician or if the medication is changed.

Parent/Guardian Signature \_\_\_\_\_

Parent/Guardian Signature \_\_\_\_\_

Both Parents/Guardians must sign if they are living with or have custody of the child.
